

"Give thanks to the Lord for He is good, His love endures forever."

Psalm 107:1

To our Faith Family,

2020 has been a challenging year. Our facility was closed. Ministries were shut down. Fears were rampant. The future looked bleak. However, God's work never ended. The Lord continued to be with us and lead us in new and unexpected ways. As a result, we developed new ways to worship. We learned new ways to connect with each other. We discovered new ways to care for our neighbors in need. Praise God for God's faithfulness and thank you for your ongoing support of Faith's ministry.

It's that time of the year again, where we ask our members to make a financial commitment to our church's future. As you know, we have worked hard to adjust our ministries during these unprecedented times. We worked diligently to develop our livestream worship services. We have prayer-fully and care-fully reopened the sanctuary and resume ministries. This is crucial because the need for a strong and healthy church is more important than ever before.

During these extra-ordinary times, we recognize that people are experiencing unexpected challenges. Many people, including members of our church family, are struggling – physically, mentally, financially. In light of these challenges, this year's Stewardship theme is **"All We Need is Love."** The song reminds us that love offers hopes. Love casts out fear. Love – God's love – is the beacon light that guides us during these stormy and uncertain times.

Beginning the weekend of **October 9 & 10**, we will share updates regarding our Maintain Faith campaign and our 2020 Budget. You will hear testimonies from members of our church family sharing why they invest in Faith's ministries. On **October 23 & 24**, we will celebrate Stewardship Weekend.

Enclosed you will find a **2021 Estimate of Giving Card**. We ask that you and your family prayerfully consider your commitment and offer your card during Stewardship Weekend services. We understand that you may not be able to turn in an Estimate of Giving Card or you may have a significant change from previous commitments. Regardless of your situation, please know that God loves you and we love you. Thank you for helping us carrying on our ministry of "bringing people to Jesus Christ through worship, education, mission, and fellowship."

Sincerely,

Greg Bradach, Stewardship Chairman

Caleb Hong, Pastor
